NOT EVERYTHING  
THAT IS FACED CAN BE CHANGED;  
BUT NOTHING  
CAN BE CHANGED  
UNTIL IT IS FACED. *James Baldwin*

# PURPOSES

● We, the members of the Black community of Rollins College hold the conviction that understanding is essential to coexistence. We, however, also realize that communication is a necessary prerequisite to understanding. Therefore we propose a Black Awareness Week for the following reasons:

*To enlighten the Rollins community to the cultural, sociological and psychological factors which comprise the total Black experience.*

*To facilitate congenial race relations through education and open communication.*

*To provide a setting conducive to the free exchange of ideas which will serve to ultimately enrich the lives of all peoples.*

*To facilitate coexistence of the races; and  
To further promote pride of Blacks in themselves while developing a sense of individualism.*

*This program is being offered as our effort to promote harmonious development in a perpetually diverse society.*
